

How To Change Your E-mail Settings

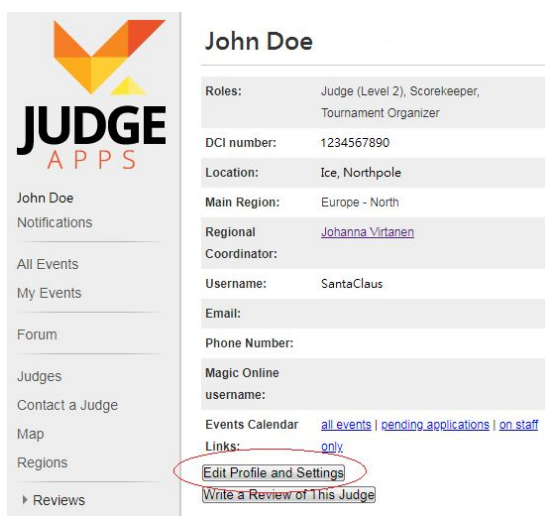

This is a How To Guide that explains how you change your e-mail settings in JudgeApps.

Changing your email settings

First, open your JudgeApps account. Then click your username in the menu on the left:

Then click on the Edit profile and settings:

Then finally enter your email address on the Change Email Address field:

Change Email Address:

And click save on the bottom of the page. Congratulations, you've successfully changed your email address!
