## 2. EASIEST WAY TO ARRIVE TO MADRID

### By plane - adolfo suárez madrid-barajas airport (mad)

[Airport Adolfo Suarez Madrid-Barajas](#) is the main airport in Madrid. (There are other airports but they don't have commercial flights). This airport has **four terminals: T1, T2, T3**, indoors connected, while **T4** is a separate building and has a satellite terminal: **T4S**. If you fly through T4S, it will take you longer (20 min.) to get from the security control to the boarding gate because of the train that connects **T4** and **T4S**.

The usage of the terminals is distributed by airlines. As examples:

- Air Europa, Ryanair and Easyjet T1,
  - Brussels Airlines, Air France and KLM T2
  - T4 is mainly used by Iberia and One World
- Check carefully what your terminal is.

#### Border Control:

T1: border control with Policia Nacional

T4: usual border control with Policia Nacional.

T4S: in addition to usual border control (with policemen), if you are an European citizen using passport, there are automatic passport checking machines. You may save time using them!

The airport is connected with the city centre by different means of transportation. We present them in order of recommendation.

#### UNDERGROUND (METRO) 5€ - 15 minutes:

Metro Line 8 connects the airport with the whole metropolitan area. There is a metro station at both main buildings: “**Aeropuerto T4**” and “**Aeropuerto T1-T2-T3**”. The T1-T2-T3 metro station is located at T2. Be careful because there is a small town with its own station (called Barajas) in between those two “Airport Stations”

A **single trip ticket** from the airport to almost any location in Madrid **will cost you 5€**. In case you already have a **regular metro ticket**, you will need to purchase an additional airport **supplement that costs 3€**. There is no need of supplement for tourist travel cards.

## [TRAIN, 2,60€ - from 11 to 38 minutes, depends on destination:](#)

The Cercanías train departs from T4 only, 4 trains per hour. If you fly to T1, T2 or T3 you can take the free shuttle to get to T4. The approximate journey length is the following:

- Chamartín: 11 minutes.
- Nuevos Ministerios: 18 minutes.
- Atocha: 25 minutes.
- Méndez Álvaro: 29 minutes.
- Príncipe Pío: 38 minutes.

You can check the [Timetables here \(only Spanish\)](#). As an example:

- From Airport T4 to Nuevos Ministerios (every 30 min)
  - First Train: 5:58
  - Last Train: 00:14
- From Nuevos Ministerios to Airport T4 (every 30 min)
  - First Train: 5:22
  - Last Train: 23:53

[More info here.](#)

## [BUS:](#)

There are several lines that will take you to the city centre or Metro Station. The ticket may be purchased directly at the bus, cash only may be used:

- **Express line** (Atocha - Cibeles - O'Donnell - Airport): 5€ - 40 minutes
  - Fare: 1,5€ -
  - Travel Time: 40 minutes.
  - Timetable and Frequency: Every 15-20 minutes (30 minutes at night)
- **Route 200** (Avenida de América - Canillejas - Airport):
  - Fare: 1,5€ -
  - Travel Time: 40 minutes.
  - Timetable and Frequency: from 5:00 to 23:30 every 11-20 min.
  - [Map and timetables](#)
- **Route 101** (Canillejas Transport Hub - Airport):
  - Fare: 1,5€ -
  - Travel Time: 40 minutes
  - Timetable and Frequency: from 6:00 (7:30 on Sunday) to 23:45
  - Map and timetables - [To Airport](#) - [From Airport](#)

[More buses info here.](#)

### **TAXI:**

There is a **flat fare of 30€** if you are travelling to anywhere within Calle 30, which is more or less the city centre. No supplements can be added to this fare.

For any other destination, the minimum fare is 20€ for the first 10 km. After 10 km, the taximeter will calculate the rest of the journey at the appropriate rate. In a trip from the airport to the venue, this fare will apply.

There is also an additional supplement if you arrive to the airport: **5.5€ (except flat fare)**

### **UBER/CABIFY:**

Both operate in Madrid. Check your apps.

### **By train**

It is pretty easy to get to Madrid by train or bus from almost any other city. The High Speed Train (AVE) is very developed in Spain. For example, Barcelona to Madrid trip takes less than 3hours; and Seville to Madrid trip takes only 2.5 hours.

Madrid has two main train stations for regular trains: **Chamartín** and **Atocha**. **Puerta de Atocha** is the AVE station. All of them are connected to the Public Transport Network with Metro Station, Cercanías Station and Bus Stops.

If you want to come to Madrid by train, you can check timetables and fares in [RENFE web](#) (Spanish trains' operator).

### **By bus**

Madrid is widely connected with all main cities in Spain and with France and Portugal. There are three bus stations for buses from abroad:

- Estación Sur de Méndez Álvaro (metro Méndez Álvaro - L6)
- Estación de Avenida de América (metro Avenida de América - L4,L6,L7,L9)
- Estación de Conde de Casal (metro Conde de Casal - L6)

### **By car**

In case you are willing to drive, Madrid, as it is located in the centre of the Spanish geography, is the starting point for all of the main highways in Spain. These highways are more or less radial and are called A1 through A6. Their distribution is the following:

- **A1** - Comes from the Basque Country (Irún) via Burgos. If you come from France it is likely that you will take this highway, A1, or A2 (the next one in this list).
- **A2** Comes from Barcelona via Zaragoza.
- **A3** - Comes from Valencia,
- **A4** - Comes from Andalucía (Cádiz, Sevilla, Córdoba, Jaén...)
- **A5** - Comes from Extremadura and Portugal.
- **A6** - Comes from Galicia (La Coruña).

In addition to these radial highways, that are the main entries to Madrid, Madrid City is rounded by circumferential motorways: **M30**, the inner, **M40**, the middle and **M50** the outer.

## Underground "metro"

Madrid has one of the best underground train systems in the World. The most important thing you should know about this underground is the difference between ticket types:

**Other Tickets:** (not needed for all indications inside this guide)

The part of Metro lines outside the A-zone has special fares. These lines are: Metro Sur, Metro Norte, Metro Este, TFM and Metro Ligerio Oeste. You need a special ticket for that "line" - single or 10 trip ticket - or pay for the special ticket valid for the whole metro network:

Taking a taxi in Madrid is a very easy way to move through the city, but it is not the cheapest one. **Metro: Retiro (L2), Ibiza (L2)**

## 9. FOOD AND DRINK

### Restaurants and food market

Probably most of you have heard of "tapas" but aren't quite sure what this really means. "Tapa" simply refers to a small plate of food (Its larger version, "ración", is much better for sharing with a large group).

"Ir de tapas" (going out for tapas) is a dynamic activity which consists of hopping from bar to bar having some drinks, usually a glass of beer ("caña") or wine, and trying out a little of everything. Don't expect to sit down to eat! The most popular types of wine are red (featuring "Ribera", "Rioja", "Toro"...varieties), white ("Rueda" and "Albariño") and rosé ("Cigales" and "Ribera").

One of the most famous places to have some "tapas" is in the "**Cava de San Miguel**" (near Plaza Mayor), and it is called **Mercado de San Miguel** (*Plaza San Miguel S/N*). In this place, you will have many different options in the same building. This place is quite expensive (2-3€ per tapa) but the quality is the best! Also **Mercado de San Ildefonso** (*Calle de Fuencarral, 57*) or **Mercado de San Antón** (*Calle de Augusto Figueroa, 24B*) are nice places for visiting and eating.

Around the city centre and on **Latina neighborhood** (Metro: La Latina: L5) you can find a lot of bars that serve tapas. In the surroundings of **Plaza Mayor** you might also want to try one of the most typical dishes to take away: "Bocadillo de calamares" (Fried Calamari Baguette).
